SUBJECT MATTER

With reference to No 13482 & 15/6/96 L+A 1888
enquiring whether Mr Narasayya is entitled to exercise the powers as acting D Gl of Edn in addition to his own duties as Excise Comnr & stating that under sect 112(1) of the M S R, for the Excise Commissionership he gets Rs 1200/- 1/11 forth 2d appt of D Gl of Edn an allce not exceeding half the Salary &c &c

Section 112 refers to half the Salary he would have drawn if had acted in the appointment Supposing the Excise Comr had been made to act as D Gl of Education would he have drawn 1200 + 700 or 140 = 1340 Rs
I do not think the Comptroller's Application of the Article is correct I do not see how he arrives at the figure 350
Half the Salary (= pay + acting allowance) would be equal to $\frac{1200+140}{2} = 670$ Rs
350 Rs would be a correct figure if the officer in question acted without a permanent appointment as in that case he draws half the pay of the appointment In the case of an officer having a permanent appt the illustrations show that half the Salary means pay + acting allowance / 2
I submit the only course is what the Secretary has suggested & that is by a Special Order.
